Black Megahalems

1. Stylish black grainy matte finish for the best looking performance.

2. Top fin made of scratch-resistant Stainless Steel to preserve shine.

3. For maximum performance, a fan speed of 1600 RPM or above is recommended.

4. Heatpipes are lined up in a straight line to prevent air back-draft, allowing air to easily pass through the heatsink body.

5. Fin gaps have been mathematically calculated to maximize best air-to-surface ratio.

6. Easy-to-install retention mechanism for LGA 775, 1366, 1155/1156 and 2011 and AM2/AM2+/AM3/AM3+.

7. Includes easy-to-apply high grade thermal compound, a perfect sidekick to all Prolimatech heatsinks.

8. New Universal Backplate to support all Intel platforms.

9. Two sets of fan clips for a duo-fan installation.

10. Both 120mm and 140mm fan can be mounted on it.
