# Samuel 17

The Old Testament of 1 Samuel, Chapter 17 tells a story of an ordinary man named David whom nobody believed in. That did not matter to him because David had something of a greater power to put his trust and faith in. From that he would gather his strength to battle the nine-foot-tall giant, Goliath. In the end, against all odds, David proved that size does not matter when he defeated Goliath.

Prolimatech Samuel 17 has the essence of David. It is compact in size standing in at only 45mm tall and 92mm wide. But don't let that fool you as it packs a deadly arsenal in a never ending battle against heat. When equipped with a 120mm, Samuel 17 will not only cool your CPU efficiently but also the PC components around it, keeping your computer running safe and stable.

FEATURES:

1. Stylish and Compact , ideal for the space confined form factors such as micro ATX and mini-ITX as well as the regular ATX form factor.

2. Down draft cooling style cools not only the CPU but also its surrounding components.

3. Six high quality nickle plated copper heatpipes.

4. Supported mounting hardware includes Intel LGA 775/1366/1156 and AMD AM2/AM2+/AM3/AM3+.

5. Fan compatibility: 120x120x25mm or 120x120x12mm

6. Dimension: 121.2 x 120 x 45mm
