

Blue Vortex LED come in 120x25x25mm and 140x25x25mm are perfectly balanced between performance and noise. Who says you can't have best of both worlds? Best of all, it is designed to work optimally with Prolimatech's Megahalems Rev.C. So pick one up now! We promise you will be amazed.

Features

1. Specifically designed to work with Prolimatech coolers for best performance to noise ratio.
2. Stable bearing for long life operation at minimal noise level.
3. Quality material used in fan blades for a solid structure design.
4. Quad Ruby Blue LED.

Blue Vortex 12 LED

Specification

Dimension	120mm X 120mm X 25mm
Bearing Type	Sleeve bearing
Rated Voltage	12 VDC / 9 VDC
Operating Voltage Range	6~13.8 VDC
Rated Current	0.3 Max.Amp
Rated Power	3.6 Max.Watt
Rated Speed	1600 ± 160 RPM / 1200RPM
Airflow	72.67 Max. CFM
Noise Level	29.1 dBA
Net Weight	107.2 Gram
Connector	Terminal Connector
LED	Blue

Blue Vortex 14 LED

Specification

Dimension	140mm X 140mm X 25mm
Bearing Type	Sleeve bearing
Rated Voltage	12 VDC
Operating Voltage Range	7~13.8 VDC
Rated Current	0.2 Max.Amp
Rated Power	2.4 Max.Watt
Rated Speed	1000 ± 200 RPM
Airflow	87.07 Max. CFM
Noise Level	18.1 dBA
Net Weight	142 Gram
Connector	Terminal Connector
LED	Blue
